SCOPE AND PURPOSE

In response to the increasing interest in the ‘global’ as a field of inquiry, a perspective, and an approach, Global Histories: A Student Journal aims to offer a platform for debate, discussion, and intellectual exchange for a new generation of scholars with diverse research interests. Global history can provide an opportunity to move beyond disciplinary boundaries and methodological centrisms, both in time and space. As students of global history at Freie Universität Berlin and Humboldt-Universität zu Berlin, our interest lies not in prescribing what global history is and what it is not, but to encourage collaboration, cooperation, and discourse among students seeking to explore new intellectual frontiers.
